CITY OF THE MEETING

Warsaw is the capital and the largest city of Poland. It is located in the center of the country, which makes it easily accessible from the other parts of Poland. It is located on the Vistula river, the longest Polish river, which divides the city in half.

It is good to begin with the Warsaw's Old Town. This oldest part of Warsaw was established in 13th century. The Old Town Market Place is the heart of the area. In the Old Town there are many different churches to see. There is Kamienne Schodki street leading down to the Vistula river. We can also relax for a while on a bench with a view on the Vistula river. In the area of the Old Town we have to see the Castle Square and the Royal Castle.

Still there are many beautiful objects to be found in Warsaw, such as St. John's Cathedral, The Baths Park, or Wilanów Palace. The most easily recognized piece of Warsaw architecture is The Palace of Culture and Science, a socialist building constructed in 1955.

Our city will welcome you warmly whatever the season, with so much to see, to feel and to discover.
